CRSP EXAMINATION PREPARATION WORKSHOP

About the Workshop

The CRSP exam has an unexpectedly high failure rate. The objective of the RTS Consulting CRSP Examination Preparation Workshop is to cover the exam Competency Categories to help you determine which areas of the exam require more in-depth study or attention. Our instructors are experienced and have developed tools and methods to assist you in identifying areas of opportunities to assist you in meeting your goal of passing the exam. Stanford Brown has attained not only the CRSP designation but the internationally recognized Certified Safety Professional (CSP) designation. Past clients have stated that "His in-depth understanding, practical examples and memory aids used are exemplary." His advanced understanding of the Competent Categories of the exam will ensure you are adequately prepared to study for the exam.

2- Day Workshop Outline

- Discussion on the registration process, the application, the interview, what to expect on exam day, the timelines for obtaining the designation, and the mandatory maintenance requirements to retain the designation.
- A skill and knowledge evaluation of the eleven subject matter domains: Ergonomics; Environment Practices; Fire Prevention and Protection; Safety Techniques and Technology; Accident Theory; Occupational Health Safety and Environmental Systems; Risk Management; Occupational Hygiene; Health Promotion; Laws and Ethics; and HSE Auditing.
- Exam preparation strategies - study sessions, study groups, texts and timing.
- Domain discussions - marking guidelines.
- Evaluation of your current knowledge level, practice exams, sample questions.
- Great group discussions and networking opportunities with your peers in the profession.
- A copy of the BCRSP Guide to Registration (ordered separately from the course)

OUR TRACK RECORD

RTS Consulting Inc. has made its mark in the professional field of environment, health and safety through the utilization of advanced problem-solving methods and personalized consulting. RTS Consulting Inc. has a proven record of excellence in providing cost-effective solutions in a spectrum of environmental, health and safety issues. They have attained excellence in various industries including amusement parks, the food industry, retail product distribution, construction, dry chemical, mining, steel manufacturing, health care and the education field.

Stanford R. Brown, B.Sc., CRSP, CSP, CHSC: Has a B.Sc. from the State University of New York - Empire State College, a Safety Engineering Technologist Diploma and a Certificate of Occupational Hygiene and Safety from Humber College of Applied Arts and Technology. He is also one of the only safety professionals in Canada who holds the Canadian Registered Safety Professional designation (CRSP), the Certified Health and Safety Consultant designation (CHSC) and the international Certified Safety Professional designation (CSP) from the Board of Certified Safety Professionals in Savoy, Illinois. Stanford Brown has assisted many individuals in preparing and attaining their CRSP certification. You will be in good hands under his direction.
