ABOUT US: RTS Consulting (USA) Inc. has made its mark in the professional field of environment, health and safety through the utilization of advanced problem-solving methods and personalized consulting. RTS Consulting Inc. will “raise the standard” of environment, health & safety (EH&S) in your organization through the development, implementation and monitoring of state-of-the art, team-based policies, programs and training modules.

OUR PRESIDENT: Stanford Brown is one of the only safety professionals in the United States that holds the Canadian Registered Safety Professional designation (CRSP), the Certified Health and Safety Consultant designation (CHSC) and the international Certified Safety Professional (CSP) designation from the Board of Certified Safety Professionals in Savoy Illinois.

OUR CONSULTANTS: Our consultants hold credentials which include but are not limited to Ph.D., in applied Meteorology and safety and health, B.Sc. in Physics, M. of Science, Bachelor of Applied Science in Chemical Engineering, B.Sc., in Chemical Engineering, B.Sc. in Human Kinetics, B.Sc., in Environmental Management, B.Sc., in Environmental Studies & Psychology, B.Sc. in Safety and Health, B.Sc. in Safety Administration.

CONSTRUCTION PROJECT SUMMARY: Raising the Standard Consulting (USA) Inc. has provided various services such as conducting regular inspections, providing on-going safety & health supervision, developing programs and conducting training. On a regular basis we provide:

1. Safety program development
2. Training requirements
3. On Site Activity with qualified SSHO level 1-6

We develop these systems in conjunction with the management team to ensure that the company's standards are identified and met. We develop a safety program and identify the systems to ensure it is implemented.

We have over 17 years of experience in the construction health and safety field and have also worked in health and safety mining / long hole drilling and government contracts.

PANDEMIC PLANNING: **RTS Consulting (USA) Inc.** is ready to assist you in preparation of your pandemic plans, contingency plans and training of your staff now in preparation for the second wave of the H1N1 flu virus that is eminent in the future.

TRAINING AND PROGRAM DEVELOPMENT: RTS Consulting (USA) Inc. provides an all-inclusive, closed-loop approach to occupational health & safety loss control. Programs and training modules are customized to address the client’s legislative responsibilities, corporate culture and the hazards specific to their work environment. We provide all safety & health related training including Competent Person, HAZWOPER, Forklift/Aerial Lift, Fall Protection, HAZCOM, and First Aid/CPR, AED.

10&30 HOUR TRAINING: Raising the Standard Consulting (USA) Inc. is an authorized trainer of the 10 and 30 hour construction industry outreach courses.

WEB-BASED TRAINING: Raise the safety, health, and productivity of your employees to the top of your agenda and provide training solutions that deliver real results. We provide web-based training programs for the convenience of your organization. Please visit <http://rtsconsulting.360training.com> to register.
