

OSHA 10-HR for the CONSTRUCTION INDUSTRY

The OSHA 10 Hour Construction Industry Outreach Training Program is intended to provide an entry level construction worker's general awareness on recognizing and preventing hazards on a construction site.

Who is This Course For?

- Entry Level Construction Workers

Course Outline

The class starts with OSHA Regulations for the Construction Industry. Your employees attending this session leave with a much better understanding of the structure of these rules, where to go to learn more, and the most frequently cited violations for each part.

Topics Covered:

- Scaffolds and Ladders
- Excavation and Trenching/Shoring
- Electrical Safety
- Floor and Wall Openings
- Personal Protective Equipment
- Health Hazards
- Concrete and Masonry Construction
- Steel Erection
- Material Handling
- Power Tools
- Welding and Cutting
- Heavy Equipment Operation

Upon completion of the course, attendees will receive an OSHA card.

Date & Time:

To be determined.

Class space is limited and reserved on a first come, first served basis.

Location:

To be determined.

The registration deadline for this program is 3 days from the start date of the training. Any cancellations must be received two weeks prior to the start date of the training. Full refund will be made for cancellations received prior to that date. After that date, no refunds will be granted. Replacements accepted.

Cost:

\$150.00 per person including tax (lunch will be provided)

Please see attached for the registration form.
